

NZARH Executive Committee Vacancy

Earlier this year, Natasha King stepped down from her position on the Executive Committee which left a vacant seat to be filled. The Executive co-opted Phillipa Middleton onto the Committee in the interim, however in accordance with the rules, an election is now required to confirm her appointment.

Should any member wish to nominate themselves or another member for the vacant position, please complete and return a nomination form no later than 25th February in order for national office to advertise all nominations prior to the AGM. Should any nominations be received, an election will take place at the AGM.
